[Creative Live](#) offers a huge library of online courses, including some great ones for the smart traveler in your life. "Become a Travel Hacker" is a course by New York Times best selling travel author, Chris Guillebeau. Chris offers 9 video lessons designed to help you earn hundreds of thousands of miles and points — before even getting on an airplane. You'll then learn how to put your new treasure chest to good use to go anywhere, anytime.

[Baubax](#) is "The World's Best Travel Jacket"! It has 15 features, expertly designed to enhance your travel experience, including a neck pillow, built-in eye mask and gloves, drink pocket, zipper with pen, and is packed with pockets for every need.

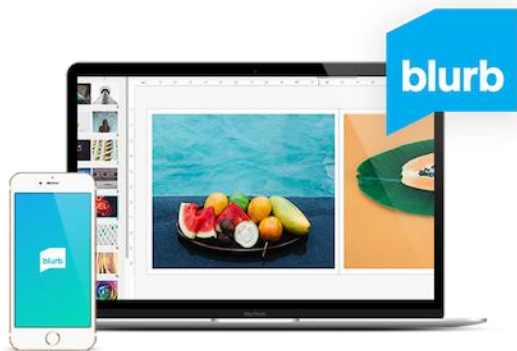

Made with high-quality fabrics, in 4 modern fashionable designs, it's easy to see why Baubax is the highest crowd-funded fashion item ever.

The [Skyroam Solis](#) launched this year, featuring a powerbank added to an upgraded WiFi hotspot device that we loved in last year's list. Solis is a 4G LTE hotspot device, allowing you to wirelessly connect up to 5 devices, and can be used in 100+ countries worldwide. It now lasts even longer with 16+ hours of WiFi battery life!

The new powerbank feature provides an embedded 6000 mAh power bank and latest USB-C connection.

With [Blurb](#) you can take those amazing travel pictures hidden on your computer hard drive and transform them into a beautiful photobook to keep those memories alive. Blurb offers an array of samples and templates to help you create your masterpiece. Not only that, but they also make it easy to turn your creations into magazines, photobooks, eBooks, and more that you can sell on your website!

[Little Passports](#) provides fun and educational gifts for the toddler or school-age kids in your life. Their mission is to create a generation of global citizens by educating them about different countries, scientific concepts, or world wonders.

My favourite product is their "World Edition" subscription! Each month you'll discover a new country, complete with souvenirs and hands-on activities.

[Rocket Languages](#) is an award winning system designed to help you speak and understand a new language faster. Each course offers interactive lessons, pronunciation practice, member's forum, a mobile app, and much more.

What could be better for your next beach vacation than a [Starfish Collar Necklace](#)? These 5 rhinestone-studded starfish are on a 17" gold chain (with 2" extender and lobster claw closure), and weighs only 1.7 oz.
